

Environmental Policy of SCCL

“To be a role model in protection of environment for sustainable development, SCCL is committed to implement the best global practices in all its operations through prevention / mitigation of pollution, proper disposal / recycling of wastes and bringing awareness among all the stakeholders for continual improvement in environmental performance”

Objectives of Environmental Policy

- To take account of environment concerns in planning and decision-making.*
- Compliance of conditions imposed in Environmental Clearance, Forestry Clearance, CFE, CFO and other statutory clearances issued by regulatory agencies.*
- To prevent pollution of surrounding habitation by continuous monitoring and measurement of Environmental parameters.*
- Identification of significant impacts and preparation of environment management systems for implementation at mines / units.*
- To reclaim the mined out areas concurrent to mining operations and take suitable measures for conservation of adjacent forests, wildlife and bio-diversity.*
- To reduce waste generation and promote recycling of materials, wherever possible.*
- Optimum utilization of resources i.e. Electricity, Oil and Water.*
- To take up developmental works in surrounding villages as a part of corporate social responsibility.*
- To provide appropriate training and disseminate information to enable all the employees to accept individual responsibility for environment protection, implement best practices and work in partnership to create a culture of continual improvement.*
