STANDARD FORMAT FOR APPLICATION FOR CEMENT INDUSTRY FOR COAL LINKAGES.

1.	Name of the applicant and Postal Address	:	
2.	Location of the Unit i) Name of Place, District and State ii) Name of Railway Station to serve the unit's requirements and its distance.	: : :	
3.	Statutory clearance(s) for setting up cement manufacturing project may be enclosed.	:	
4.	 i) Total how much required ii) Acquired/Allotted so far iii) Present status of balance Land requirement iv) Present status of Site Development/Civil Works 	: : : :	
5.	Name & Background of Promoters : indicating existing nature of business & Group turnover.		
6.	Proposed Technology/Plant & Machinery to : be adopted with flow sheet indicating size/capacities of the unit (phase-wise)		
7.	Existing and proposed production : capacities (Phase-wise)		
8.	Phase-wise target date of : commissioning/production :		
9.	Year-wise production :		
10.	Total project cost (phase-wise if any)	:	
11.	Means of financing indicating breakup of debt & equity and finance tied up so far.	:	
12.	Total Number of Employment	:	
13.	Status of Environmental clearance and Pollution clearance.	:	
14.	Status of tie up so far i) Water ii) Power	: : :	Contd.2

15.	Details of Procurement of Capital goods. :		
16.	Details of expenditure incurred so far. :		
17.	i) ii)	Year-wise quantity and grade (s) of non-coking coal linkage required. Special need, if any should also be mentioned. Source (s) from which linkage(s)	: :
	,	desired.	•
18.	i)	Railway Station for drawing the coal indicating rail transport linkage required, if any.	:
	ii)	Port linkage, if any.	:
19.	Details of earlier coal linkages with CIL, if any.		

	Signature (with date)
Seal of the Unit.	Name:
	Designation
	£

Note:

The promoters are advised to submit documentary evidence pertaining to procurement of land, pollution, clearance, power sanctioned, placement of orders and confirmation of the order from the main plant suppliers, financial tie up, if any, original certificate from engineers consultant certifying the present status of implementation of the cement project, capacity being implemented and likely date of commissioning. The certificate should be on the letter head of the Engineering Consultant mentioning the name & designation of the signatory. All these documents should be attested by the Competent Authority.
