# The Singareni Collieries Company Limited

(A Government Company)
CIN : U10102TG1920SGC000571

Ref No: **HYD/PPD/5-79/26/73** Date: 18.11.2026.

## NOTICE INVITING EXPRESSION OF INTEREST (EOI)

FOR

## Identification of prospective developers for development of Pumped Storage Project (PSP) on SCCL land on revenue sharing basis.

**The Singareni Collieries Company Limited**, a Government. Company jointly owned by Government of Telangana and Government of India with equity of 51:49 respectively, existing company under the companies Act 1956, having it's registered office at Kothagudem Collieries Bhadradri Kothagudem Dist, Telangana State-507101 (hereinafter referred to as "SCCL").

The Company is mainly engaged in mining of coal. As a part of diversification, the Company has entered into power generation and established 2x600 MW Singareni Thermal Power Plant (STPP), in Stage-I at Pegadapalli (V), Jaipur (M), Mancherial (D), Telangana State - 504216 in the year 2016 which is in successful operation since its inception. SCCL has also established 245.5 MW Solar Power Plants for its captive consumption and another 259 MW capacity is under construction.

SCCL herewith invites Expression of Interest (EOI) for identification of prospective developers for development of pumped storage project (PSP) on SCCL land on revenue sharing basis.

**Last Date for submission of EOI: 10.12.2026.**

**Registered Office:**

The Singareni Collieries Company Limited
Kothagudem Collieries – 507 101,
Bhadradri Kothagudem Dist., Telangana State
INDIA.

NOTICE INVITING EXPRESSION OF INTEREST (EOI)
FOR

# Identification of prospective developers for development of Pumped Storage Project (PSP) on SCCL land on revenue sharing basis.

1. SCCL invites Expression of interest (EOI) for identification of prospective developers for development of pumped storage project (PSP) on SCCL land on revenue sharing basis for a period of 45 years. The details of Scope of Work, Other Terms & Conditions, together with Format for Submission of EOI are available at the website of SCCL i.e., https://www.scclmines.com.

2. Before the last date for the receipt of EOI, SCCL may amend any of the EOI conditions as may be desired if such an amendment is necessary and the same shall be uploaded as a corrigendum to the EOI and will be made available only on the website of the Company i.e., https://www.scclmines.com. Hence, the prospective applicants are advised to keep visiting the said website for any updates in this regard. The responsibility of downloading the corrigendum to the EOI, if any, will be of the prospective applicant. No separate intimation will be sent to the applicants who have downloaded the EOI from website. SCCL reserves the right to extend the due date for submission of EOI as deemed fit by issue of corrigendum through website. SCCL reserves the right to accept or reject any or all of the responses to the EOI.

3. SCCL reserves the right to withdraw the Notice inviting EOI fully or partially as the case may be without assigning any reason thereof.

4. The prospective applicants may obtain further information from the office of General Manager (E&M), Power Projects Division as per address given below. Prospective Applicants may send their applications in the prescribed format along with relevant supporting documents under sealed cover so as to reach this office on or before **10.12.2026** by 3:00 PM to the following address –

   General Manager (E&M),

   Power Projects Division,
   The Singareni Collieries Company Limited,
   Singareni Bhawan, Post Box-18, Red Hills,
   Khairatabad, Hyderabad –500 004,
   Telangana State, India.
   Phone No: 9491144780, Email address: gm_ppd@scclmines.com

| 2 | Proposed Site |
| 3 | Proposed Project Configuration |
| 4 | Background |
| 5 | Scope of Work |
| 6 | Developer Details |
| 7 | Submission Requirement |
| 8 | General terms and conditions |
| 9 | Submission Deadline and Contact Information |

## 1. Introduction and Disclaimer :

- **Introduction:**

a. SCCL is not a listed Company and therefore, listing agreement, SEBI Act and related listing regulations are not applicable to the Company.

b. The Singareni Collieries Company Limited (SCCL) is a premium Coal producing Government company jointly owned by the Government of Telangana and Government of India on a 51:49 equity basis.

c. As a part of diversification, SCCL, historically known as a premier coal mining company has expanded into thermal power generation and commissioned 2X600 MW Singareni Thermal Power Plant (STPP) in 2016 and in order to ensure sustainability, SCCL by its strategic move has diversified into Renewable Energy Sector by establishing 245.5 MW Solar Power Plants so far. Another 249 MW Solar Power Plants are under execution and 10 MW Floating Solar Power Plants are in tendering stage. Also, EPC Contract for 1X800 MW Thermal Power Plant was awarded and the Project is under execution.

d. In alignment with India’s commitment to achieving net-zero carbon emissions by 2070, as per COP-26 resolutions and to ensure

sustainability and secure its future, SCCL is diversifying its operations by venturing into Power Generation and other sectors, mirroring the strategic directions of other Public Sector Undertakings (PSUs).

e. With the national energy transition, increasing share of variable renewable energy, and the need for grid stability, SCCL is diversifying beyond coal into thermal power, solar power and now energy storage.

f. SCCL proposes to develop a 500 MW Pumped Storage Project at the de-coaled Medipalli Opencast Mine, RG-1 Area, Ramagundam, by utilising the existing mine void as the Lower Reservoir.

- **Disclaimer:**

i. This EOI is not a formal offer and does not create any contractual obligations for the issuing organization. The prospective developer candidates may be invited to participate in a more detailed bidding process, such as a Request for Proposal (RFP).

ii. The Singareni Collieries Company Ltd. reserves the right to cancel this request for EOI and / or invite afresh with or without amendments to this request for EOI, without liability or any obligation for such request for EOI and without assigning any reason.

iii. Information provided at this stage is indicative and The Singareni Collieries Company Ltd. reserves the right to amend / add further details in the EOI document.

## 2. Proposed Site:

| Parameter | Details |
|---|---|
| Mine | Medipalli Opencast Mine |
| Area | RG-1 Area, Ramagundam, Peddapalli District, Telangana |
| Status | Closed after completion of mining operations / de-coaled |
| Present Condition | Void formed after de-coaling, left unfilled and filled with rainwater |
| Void depth | Approx. 158 m |
| Water Storage | Approx. 10 Million Cubic Meters (MCM) |
| Land | Mine land, void, OB dumps and infrastructure already with SCCL |

Instead of backfilling it fully, the void was left to fill with rainwater. The void, land and infrastructure available with SCCL at the site provide a ready base for the project and reduce its development time and risk.

## 3. Proposed Project Configuration :

| Feature | Proposed |
|---|---|
| Installed Capacity | 500 MW |
| Total available land | 142.69 Hectors |
| Lower Reservoir | Existing Medipalli OC mine void |
| Upper Reservoir | To be constructed on higher ground / OB dump area |
| Pumping Energy Source | Solar energy during day-time or purchase from grid |
| Life of Project | 40 Years |
| Mode of Development | SCCL proposes to take up the PSP - with revenue-sharing |

## 4. Background :

**Productive Use of De-coaled Mine :** The void and land of the de-coaled Medipalli OCP can be put to long-term productive use as an energy storage asset, instead of remaining idle after mine closure. Mine closure, if left unutilised, becomes an environmental liability. Repurposing it as a PSP converts a closed mining asset into a productive, revenue-generating energy asset for 40 years.

**Diversification :** In view of the energy transition, SCCL is diversifying into power and clean energy. Energy storage is a natural extension of SCCL's existing thermal and solar power business. SCCL already operates:1,200 MW Singareni Thermal Power Project (STPP), Jaipur. Solar power projects across mining Aeas. PSP completes the portfolio - Coal + Thermal + Solar + Storage.

**Growing Need for Storage in the Grid:** With rapid addition of solar and wind capacity in Telangana and India, the grid needs large-scale storage to:

- Shift surplus day-time renewable energy to the evening peak
- Provide grid balancing, frequency regulation and peaking power
- Avoid curtailment of solar / wind

The Ministry of Power has also prescribed Energy Storage Obligations (ESO) for DISCOMs, making PSPs mandatory for the power system.

**Long-Life, Long-Duration Storage:** PSP has a life of about 40 years, provides 6+ hours of storage, and offers synchronous inertia and black-start capability, complementing short-duration battery storage.

**Support to State's Clean Energy Goals and Local Economy :**

- Supports Telangana's clean energy and decarburization goals

- Ensures continued economic activity and employment in the RG-1 Area after closure of the mine.
- Utilises local manpower for construction and operation
- Creates a model for repurposing other closed SCCL OC mines.

## 5. Scope of Work:

- The prospecting developer hereinafter referred to as “The Applicants”, would be responsible for **power takeoff, financing, designing, engineering, construction, commissioning, operation and maintenance** of the project, including obtaining applicable statutory and regulatory approvals.
- SCCL would make available the mine void, the required land and the Pre-feasibility Report (PFR) for the project. **No capital investment, equity contribution or guarantee** is envisaged from SCCL.

## 6. Developer Details:

- **Legal Entity:** The applicant may be a registered firm/ LLP/ Company **Experience:** The firm has an experience in development and operation of hydro/pumped storage projects. The firm has to provide a list of similar assignments in whole or part successfully completed. The relevant order copies may be enclosed.
- **Turnover:** The firm has to mention last 3 years average annual turnover. Self certificate to be submitted. (attach proof).

## 7. Submission Requirements:

- **Cover Letter:** A brief letter on Applicant’s letter head expressing your interest and confirming that the applicant is interested to develop the PSP.
- **Company Profile:** A detailed profile of your firm, including name, address**.**
- **Experience:** A list of similar assignments successfully completed.
- **Financials:** Annual turnover of last three financial years.
- **Technical Capabilities:** A short write-up on your firm's technical and managerial capabilities to develop the PSP.
- **Declaration:** A signed declaration confirming the accuracy of the information provided and that the firm is not blacklisted by any government agency.
- **List of Documents:** A list of documents to be submitted, including a covering letter, company profile, details of past experience, and financial information.

## 8 General terms and conditions

**EOI is only an Invitation:**

- This EOI is only an invitation for firms to express their interest and does not constitute a commitment to enter into a contract.
- This EOI is not a Request for Proposal, nor does it represent a commitment or obligation by the Client to engage any party.
- Submission of an EOI does not constitute or guarantee selection.

**Confidentiality:** Confidentiality must be maintained by all Applicants during and after the process. All information exchanged during the process must be kept strictly confidential.

**Rights of the Company:** SCCL reserves the right to withdraw the EOI, modify its terms, or accept or reject any or all submissions without assigning any reason. The Company reserves the right to seek additional information or clarifications at any stage.

**Cost of submission:** All costs associated in preparing and submitting the EOI by the firm shall be borne by responding applicants. No reimbursement shall be made for any expenses related to the preparation or submission of the EOI.

**Disclosure on Conflict of Interest**: Applicants shall disclose any existing or potential conflict of interest relating to SCCL's operations.

**Disqualification**: Submission of false or misleading information will result in disqualification. Any attempt to influence the evaluation process will result in disqualification.

**Jurisdiction of Courts:** Any dispute arising out of or in respect of the EOI will be subject to the jurisdiction of Courts at Hyderabad only.

## 9. Submission Deadline and Contact Information

Interested Applicants are requested to submit their EOI in a sealed envelope to the address below by **10.12.2026 by 3.00 PM**

General Manager (E&M),

Power Projects Division,
The Singareni Collieries Company Limited,
SingareniBhawan, Post Box-18, Red Hills,
Khairatabad,Hyderabad –500 004,
Telangana State, India.
Phone No: 9491144780, Email address: gm_ppd@scclmines.com

Or

May be sent to the following Email addresses:
gm_ppd@scclmines.com

1. Submission Deadline: **10th December 2026 by 3:00 PM**
2. Mode of Submission: [Email / Hard copy / Both]
3. Subject Line / Envelope Marking: "Identification of prospective developers for development of pumped storage project (PSP) on SCCL land on revenue sharing basis"
4. Prospective Applicants may seek clarifications, if any, by writing to:

   Contact Person: General Manager (E&M), PPD

   Phone No: 9491144780

   Email: gm_ppd@scclmines.com

   Deadline for Queries: **03rd December 2026.**
